Cleveland-Cliffs Inc published a News Release on October 8, 2003 as follows:

**CLIFFS AND LAIWU STEEL MAKE JOINT OFFER  
FOR ASSETS OF EVELETH MINES**

Cleveland, OH – October 8, 2003 – Cleveland-Cliffs Inc (NYSE:CLF) and Laiwu Steel Group of China jointly announced today that they have made an offer to acquire the assets of Eveleth Mines LLC. Eveleth’s principal assets are an iron ore mine and pelletizing operation in Northeast Minnesota, which ceased operations earlier this year. Eveleth Mines LLC filed for Chapter 11 bankruptcy protection in the U. S. Bankruptcy Court for the District of Minnesota in St. Paul on May 1 of this year. A final decision by Cliffs and Laiwu to proceed with a bid for these assets and reopen the mining operations will be made after due diligence is completed and agreements are reached with key Eveleth Mines LLC stakeholders.

John S. Brinzo, Cliffs’ chairman and chief executive officer, said, “We are excited about the prospect of establishing a new business venture with one of China’s premiere steel companies. The potential opportunity to jointly acquire and operate the Eveleth facility would be of enormous benefit to the iron range economy. This opportunity, however, will only become a reality if every stakeholder is willing to step up and make a contribution to this effort.” Mr. Brinzo also noted his thanks to Congressman James Oberstar (D-MN). Congressman Oberstar was instrumental in introducing Eveleth Mines to the Laiwu Steel Group.

Cleveland-Cliffs is the largest supplier of iron ore pellets to the North American steel industry. The Company operates iron ore mines located in Michigan, Minnesota and Eastern Canada.

Laiwu Steel Group, Ltd. is the successor to Laiwu Iron and Steel Company founded in 1970. It has become one of the largest steel complexes in China. The Company is headquartered in Laiwu City located in the Gangchong district in the middle part of Shandong province, China
